Subject: Application for the Global Geopark Network (Mt.Apoi and Izu Peninsula)

Dear Dr. Patrick MCKEEVER,

Japanese National Commission for UNESCO was surely informed that the Japan Geopark Committee which plays a coordinating role of the Geopark activities in Japan submitted the application to you based on its review of experts in the field of geo-science so that Mt.Apoi and Izu Peninsula can join the Global Geopark Network.

It would be greatly appreciated if you would take necessary actions to proceed with this matter further.

Best regards,

Yoshio YAMAWAKI

Secretary General,

Japanese National Commission for  
UNESCO

Dr. Patrick MCKEEVER  
Geoparks Secretariat  
Chief of Global Observation Section  
UNESCO  
1, rue Miollis  
75732 Paris Cedex 15, France
